RABIES \$23

If the groomer finds any abnormalities while being groomed, would you like the veterinarian to examine your pet (the price is the same as the physical above) or would you liked to be called first?

OK TO EXAMINE PLEASE CALL FIRST

Please read the following so that you understand our policies regarding the grooming of your pet and sign below:

If my dog or cat is heavily matted, I consent to and authorize Lutherville Animal Hospital to clip off all the hair if necessary. I understand that the groomer will use all precautions while clipping my pet. I am aware that because my dog or cat is badly matted, it may be clipper burned or cut in the grooming process. I agree not to hold Lutherville Animal Hospital responsible for any injury as a result of grooming.

I have read the above and understand the hospital procedure.
